

Professional Summary

Cloud Infrastructure Engineer with 7.5+ years of experience managing enterprise cloud platforms, hybrid infrastructure, Windows systems & virtualization environments. Certified Azure Administrator with strong expertise in Azure infrastructure management, Microsoft Entra ID identity governance, cloud cost optimization (FinOps), security compliance, and infrastructure migration. Proven track record improving system stability, optimizing cloud spend, strengthening security posture, and supporting enterprise-scale infrastructure operations.

Professional Experience

Azure Infrastructure Management Specialist
Tollring Software Private Limited

[Oct 2025 – Present]

- Managing Azure infrastructure across multiple subscriptions and 200+ VMs including provisioning, governance, monitoring, patching, and lifecycle management.
- Led cost optimization initiatives including orphan disk cleanup, VM rightsizing, reserved instance planning, and storage lifecycle automation.
- Leading VMware-to-Azure migration using backup/restore strategies and Azure migration tools where applicable.
- Strengthened cloud security posture through vulnerability remediation, Sentinel deployment, Defender monitoring, and Azure Firewall architecture implementation.
- Managing Microsoft Entra ID users, MFA enforcement, identity lifecycle management, and Exchange Online administrative tasks.
- Creating architecture diagrams, SOPs, infrastructure & audit documentation, governance frameworks, DNS configurations, and SSL implementations.

Systems Engineer – Cloud
Shell India Markets Private Limited

[Mar 2023 – Sept 2025]

- Managed enterprise Azure and Windows infrastructure in a global cloud environment with focus on reliability, compliance, and operational stability.
- Received Operations Excellence Award for driving vulnerability remediation and improving infrastructure compliance posture.
- Led VM patch compliance initiatives and OS upgrade activities, strengthening security posture across Azure workloads.
- Spearheaded migration from Azure Update Management (legacy) to Azure Update Manager, ensuring continuity of patch governance.
- Provisioned and managed Azure infrastructure resources including compute, identity services (Entra ID), backup, and disaster recovery services.
- Created SOPs and operational documentation supporting standardized infrastructure management and audit readiness.
- Led daily operational huddle calls and actively contributed to technical brainstorming sessions improving infrastructure processes.
- Supported Azure backup, disaster recovery, monitoring optimization, and advanced infrastructure troubleshooting.
- Managed high-volume incidents, changes, and problem tickets through ServiceNow while maintaining SLA compliance.

- Administered Azure infrastructure, Windows Server environments, Active Directory, and VMware virtualization platforms for enterprise clients.
 - Managed VMware ESXi environments including VM lifecycle, HA/DRS configuration, performance optimization, and troubleshooting.
 - Supported Azure deployments, system patching, monitoring, and infrastructure optimization.
 - Delivered infrastructure services for global enterprise clients including National Grid, Maersk Oil & Gas, and Assa Abloy.
 - Administered Active Directory including user/group management, GPO administration, access governance, and directory infrastructure support.
 - Awarded GCC Gladiators recognition for operational excellence.
-

Technical Skills

- Microsoft Azure, Microsoft Entra ID (Azure AD)
 - Windows Server, Active Directory
 - VMware vSphere / ESXi, Hyper-V
 - Microsoft Defender for Cloud, Azure Sentinel, Azure Firewall
 - Azure Update Manager, Azure Monitor, Azure Backup, Disaster Recovery
 - Terraform
 - PowerShell
 - ServiceNow, Jira, Microsoft Visio
-

Certifications

- Microsoft Certified Azure Administrator Associate (AZ-104)
 - Azure Solutions Architect (AZ-305) – Training Completed
-

Education

- M.Tech – Computing Systems & Infrastructure
BITS Pilani | 2022
 - B.Sc. Mathematics (Honours)
Punjabi University | 2018
-

Key Achievements

- Delivered Azure cost optimization through resource cleanup, rightsizing, and lifecycle automation.
- Operations Excellence Award – Shell India.
- GCC Gladiators Award – Wipro.
- Developed infrastructure governance documentation supporting audits and technical diligence.
