

S K CHETHAN

Bangalore – 560068 | 9731312634 | chethanKs@gmail.com

PROFESSIONAL SUMMARY

Senior Business Analyst with 7+ years of experience in Capital Markets, Hedge Funds, and Client Reporting. Expertise in end-to-end trade lifecycle management, front-to-back workflows, regulatory reporting, and account onboarding. Skilled in requirement gathering, BRD documentation, Agile delivery (JIRA/Confluence), UAT management, and stakeholder engagement. Proven ability to collaborate with global operations and technology teams to deliver scalable, high-quality solutions.

PROFESSIONAL EXPERIENCE

Senior Business Analyst – Morgan Stanley (Bangalore)

Jul 2022 – Mar 2024

- Documented workflows across multiple asset classes and balance sheets for account onboarding, maintenance, and exits.
- Coordinated with Fixed Income and Equities Operations teams to analyze and improve manual operational processes.
- Provided demos and arranged show-and-tell sessions with upstream, downstream, and operations teams during project go-live.
- Prepared detailed BRDs for workflow systems and authored Epics and User Stories using Agile methodology (JIRA & Confluence).
- Performed requirement prioritization and conducted gap analysis for system and reporting enhancements.
- Designed logical data models, process maps, and end-to-end process flow diagrams.
- Worked closely with Project Managers to provide status updates and proactively highlight project risks and issues.
- Demonstrated comprehensive knowledge of the end-to-end trade lifecycle including trade capture, confirmation, clearing, settlement, and post-trade processing.
- Managed front-to-back workflows and improved Straight Through Processing (STP) efficiency.
- Maintained strong understanding of reference and static data management.
- Led hands-on UAT execution including test case preparation, defect tracking, and business sign-off.
- Managed client and regulatory reporting initiatives and performed operational data analysis.

Business Analyst / Quality Analyst – Accenture Pvt Ltd (Bangalore)

Jul 2017 – Jul 2022

- Supported client onboarding and reporting workflow enhancements.
- Gathered and documented business requirements within defined timelines.
- Participated in BRD analysis, test planning, and QA kickoff meetings.
- Designed test scenarios, test cases, and prepared test data.
- Executed functional, regression, smoke, sanity, and end-to-end testing.
- Tracked defects in QC/ALM and coordinated with development teams.
- Performed root cause analysis to improve reporting accuracy.
- Worked in Agile and Waterfall environments supporting UAT and Production releases.
