PROFESSIONAL SUMMARY

Results-driven and detail-oriented Project Manager and Business Analyst with over 8 years of experience managing diverse projects across SAAS, Networking, and Capital Markets domains. Strong experience in preparing BRD, FRD, Agile epics, and user stories, with hands-on exposure to Equities, Fixed Income, FX, and Derivatives asset classes. Skilled in requirement prioritization, workflow documentation, reference and static data management, and UAT execution across end-to-end trade lifecycle including trade capture, confirmation, clearing, settlement, and post-trade processing.

EXPERIENCE

Disprz, Chennai — Implementation Analyst- Senior (Oct 2024 - Present)

- Led 20+ cross-functional projects ensuring 95% on-time completion.
- Conducted detailed business analysis and documented business requirements.
- Prepared BRD, FRD, epics, user stories and acceptance criteria using Agile methodology.
- Worked with Equities and Fixed Income Ops stakeholders to understand workflows.
- Documented logical data models, process maps and workflow diagrams.
- Experience in front-to-back workflows and Straight Through Processing (STP).
- Worked on reference and static data management including data mapping and validation.
- Hands-on experience in UAT planning, test case preparation, execution and defect tracking using JIRA.
- Facilitated sprint ceremonies, demos and show-and-tell sessions before go-live.

Movate (formerly CSS Corp), Chennai — Senior Engineer (Nov 2019 - Sept 2023)

- Assisted in managing projects focusing on risk mitigation and stakeholder coordination.
- Worked with workflows across asset classes including Equities, Fixed Income, FX, and Derivatives.
- Supported onboarding, maintenance and exit workflows aligned to operations.
- Maintained project schedules using JIRA and supported reporting and communications.
